Sec. 2. (1) Except as provided by subsection (5), the county board of commissioners, by resolution adopted by a 2/3 vote of its elected members, may establish a department of public works for the administration of the powers conferred upon the county by this act. The department of public works shall be under the general control of the county board of commissioners and under the immediate control of a board of public works. Except as provided in subsection (3), the board of public works shall consist of 5, 7, or 9 members. The members shall be appointed or removed in the manner prescribed in this section.

(2) The initial terms of the appointed members shall be staggered for terms of not more than 3 years as prescribed by the county board of commissioners. Membership on the board of public works shall include the following:

(a) The county drain commissioner of the county in which the department of public works is established, if any.

(b) Four, 6, or 8 other members appointed by the county board of commissioners, with the exception of a person named in subdivision (a). Members of the county board of commissioners may be appointed as members of the board of public works. Appointments of members of the county board of commissioners to the board of public works made before April 12, 1984, are valid.

(c) If a county does not have a drain commissioner, then the county board of commissioners shall appoint an additional member subject to the same appointment procedures provided in subdivisions (b) and (d).

(d) If a county department of public works serves another county, or a portion of another county, each of the 4, 6, or 8 members shall be a resident of the geographic area served by the department of public works. If an area within a county does not utilize or is not otherwise serviced by the department of public works, a member of the board of public works shall not be a resident of the area not served. If a city, village, or township or a portion of a city, village, or township is located in another county, the chief elected official of the city, village, or township shall serve as an advisory board to the board of public works and shall consult with and advise the board of public works as to rate schedules, proposed expansion of services, and capital improvements.

(3) Except as provided by subsection (5), the county board of commissioners, by resolution adopted by a 2/3 vote of all its members, may designate as the board of public works or remove as the board of public works 1 of the following, and after the adoption of the resolution the person or body designated shall be the board of public works for that county with all the authority, powers, and duties conferred by law upon the board of public works:

(a) The board of county road commissioners.

(b) The drain commissioner.

(c) The public works commissioner designated or elected and holding office pursuant to section 21 of the drain code of 1956, Act No. 40 of the Public Acts of 1956, as amended, being section 280.21 of the Michigan Compiled Laws.

(4) The board of public works shall be considered an agency of the county. The county board of commissioners shall make rules in respect to the department of public works which it considers advisable and as permitted by law. The members of the board of public works shall not be full-time officers of the county. The duties of the county drain commissioner, any county road commissioner, or any member of the county board of commissioners who serves on the board of public works are declared to be additional and separate duties not compensated for by the established salary or per diem of the commissioner. The compensation of members shall be fixed by the county board of commissioners.

(5) In any county organized under Act No. 293 of the Public Acts of 1966, being sections 45.501 to 45.521 of the Michigan Compiled Laws, a department of public works that is or was formed under this act and existing on the date the county charter is or was adopted and that has not been discontinued or terminated, or had its duties transferred by charter, and a department of public works established by charter shall be considered established pursuant to this act with all authority, powers, and duties conferred by this act upon a department of public works and be under the control of and administered by the county executive or chief

county administrative officer who shall have all the authority, powers, and duties conferred by this act upon the board of public works. The provisions of this act granting to a county board of commissioners authority over such a department of public works shall be subject to any county charter. All provisions of this act concerning actions by a board of public works shall require appropriate action only by the county executive or chief county administrative officer when this subsection applies. An action of the county executive or chief county administrative officer in regard to rate schedule changes, expansion or reduction of services, or proposed capital expenditures is not effective unless and until approved by a majority vote of the members of the county board of commissioners elected and serving. After submission by the county executive or chief county administrative officer, if the county board of commissioners fails to approve or reject within 45 days after the next regularly scheduled meeting of the county board of commissioners, the proposals are effective.
